

GQI CONSULTING

PROJECT DELIVERY SERVICES

ABOUT US

GQI Consulting provides a complete spectrum of Information and Communications Technology (ICT) advisory and project delivery services. We are a national company who can meet the needs of organisations based in Australia, South East Asia and the Pacific region.

Our services are delivered by a team of highly competent and professional experts through the use of well-defined methodologies which guarantee that the advice and services we provide are excellent value for money and exceed your expectations.

Through the use of industry best practice and senior consultants with years of experience, we are able to provide independent business focused advice and services which will identify and quantify business impacts, design the correct solution, model the outcomes and recommend the best procurement strategy.
